## **CONSTRUCTION OF A FENDER SYSTEM ALONG SHEET PILE CELLS**

### **MARMET LOCKS AND DAM**

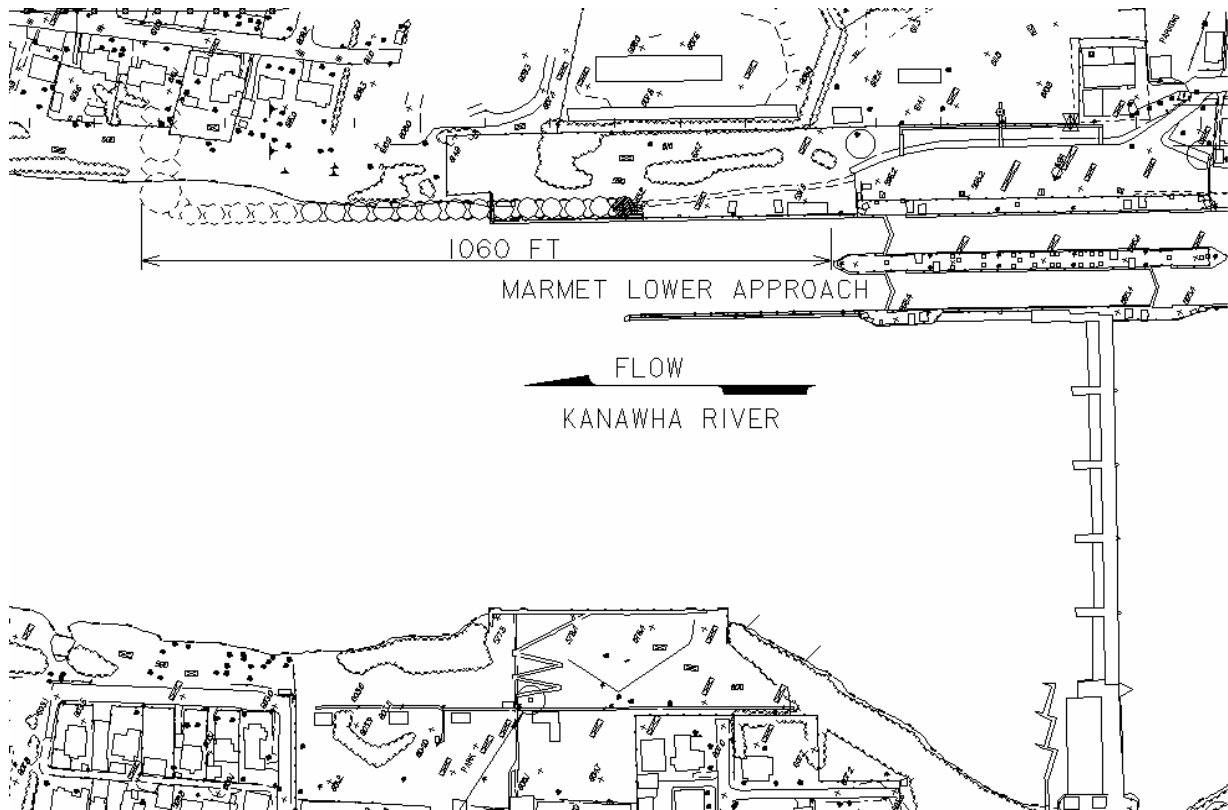

### **KANAWHA RIVER, MILE 67.7**

Notice is given that on or about 15 March 2004, Kokosing / Fru-Con, Belle, West Virginia, contractors for the U.S. Army Corps of Engineers, Huntington District, will begin construction of a fender system along the sheet pile cells at Marmet Locks, Kanawha River, mile 67.7.

The work will be performed with land – based equipment, between the hours of 7:00 a.m. and 5:00 p.m. Monday through Friday. There will not be a motor vessel on site, however, the contractor will be monitoring marine channel 13. It is anticipated the work will be complete on or about 3 July 2004.

The construction will be commencing on the upstream end of the sheet pile cells, progressing downstream (see attached drawing).

Mariners are urged to proceed with caution after passing arrangements have been made with lock personnel.
